

Welcome

It is with a great deal of pride that I welcome you to our school web site.

Beenleigh State School is a Great School. Our motto, "NOTHING BUT THE BEST", exemplifies the educational experience we offer. Beenleigh State School has a long and proud history and this extends un-broken from 1871. It is a privilege to have been provided with the opportunity to be Principal of this wonderful school.

Be well satisfied that your children are provided with the very best we can offer and that their opportunity for success is maximised. This is accomplished via a diversity of programs that promote the basics and also offer opportunities for the diverse range of interests and abilities of our student body.

Please take the time to preview this section which outlines the character of Beenleigh State School and then check out the rest of our web site. Enjoy the experience.

Jan Silcock
