

Mathematics Links

DON'T MISS THESE LINKS

Mrs Cheryl Kerr (Teacher/IT Coordinator) scours the Internet for the best Mathematics' links. These are readily available by clicking the 'Maths' link on the front page of Beenleigh State School's website (click the 'Home' button in the main menu. Check these out:

- Groovy Mathematics (a site for student use)
- Maths Investigations and Problems
- and also check out the Maths and ICTs section further down this page for some great units, all ready to implement, using ICTs.

Cheryl is always looking for new links to add to the collection. If you find any 'gems', and would like them added, please submit them to ckerr15@eq.edu.au
